Advice for HSC written examinations on Crossed out Work: Please note the following information just released by BOSTES. It is different to information received a few weeks ago and will be a something that all of our Year 12 teachers discuss with the boys when they return from Trials.

BOSTES has received a number of enquiries from Mathematics teachers following the news item published on Friday July 10, “Advice for HSC written examinations”, which referred to crossing out work in HSC written exams.

In response to these enquiries, BOSTES has determined that there will be no change to marking practice to crossed out work in any of the Mathematics exams in the 2015 HSC. When making their judgements, Mathematics markers will continue to consider legible crossed out work.

Teachers of all subjects should encourage their students to carefully consider their answers, write legibly, and make clear what they want the markers to mark.

Further information on the 2016 HSC written examinations will be provided early in Term 1, 2016

Mooting Victory: Congratulations to our successful team of Yang Yang Jiao, Lachlan Ward and Matthew Keevers. The boys put on an impressive display to dominate the Sydney Region in the Bond University Mooting Competition. Thanks to Mr Cusick and the boys who gave up the lion’s share of the weekend to enable the competition to occur at the Gold Coast last weekend. A huge effort considering the boys are also in the middle of their Trials.

Communications Survey: Thank you to all of the parents who have taken the time to complete the survey publicised in last week’s newsletter. There are some trends developing but I will wait until we have a larger sample before we begin to act. Initial trends indicate that parents tend to read the newsletter as a pdf on their devices which means we need to strongly consider changing to a single-column format to improve readability. Parents are also expressing that they want fewer long articles. I will...
plead “guilty as charged” on this one. I am rather torn on what to do about this. Sometimes meaning and understanding can only come from an abundance of considered facts and opinions. While a short item can flag an issue it then places the onus on the reader to research the topic for related salient issues. Without this additional information many will just draw a conclusion based on current beliefs and understanding. I will publish the results of the survey and ensure that we wait for a larger sample before we change anything. Thank you for your time on this.

I have included the link again this week for those who are yet to have an input.

https://www.surveymonkey.com/r/comchannels

Jenolan Caves: I will be up at the Caves from Wednesday to Friday and there is no phone or data connection so I will be rather out of the loop for the end of the week - a nice short newsletter this week.

► P&C NEWS
Mr Sade Kalasabail, P&C President

Our Next P&C meeting will be held on Tuesday 11 August 2015 in the school library at 7.30 p.m. All are welcome.

We would like the parents’ input on the topic of taking up the student insurance for the remaining period of this academic year at this meeting.

Notification: Student Insurance policy for this remaining period of the academic year.

Further information about P&C is available on the School web site http://www.normanhurb-h.schools.nsw.edu.au , under the “P&C” tab along with details of the previous meetings.

Our next Grounds Day (… working bee) will be held on Sunday 23 August (9.00 a.m. - 12.00 noon).

► THE SALVATION ARMY COUCH PROJECT
The Prefecture

Normo Prefects will be attending the Salvation Army’s Couch Project on Friday 21 August to raise awareness of youth homelessness. The Couch Project provides an opportunity for young change-makers to be part of a community of like-minded people and join the fight against youth homelessness. The event will take place at the Museum of Contemporary Art, The Rocks. Prefects will be donating towards the Salvos Youth Homelessness Program to provide vulnerable young people with food, accommodation, education and a friend to talk to.

The Couch Project is important because on any given night thousands of young Aussies will have a conversation with a friend that starts with something like, “I’m sorry but you can’t stay here anymore...”. This is a pervasive issue which impacts all of us. A contingent of prefects will also be taking part in the following street-walk which continues until midnight. They will join a 2.5 hour walk into the heart of the inner city which will give them a deeper understanding of the issue of youth homelessness.

Normos are committed to raising awareness of the plight of the youth affected by homelessness and the Couch Project provides an opportunity to help those in need. The Prefects encourage all in the active community to take part in The Couch Project and help raise awareness and money for the issue of youth homelessness.

► OLD NORMOS
Ms Margaret Johnson, Music Teacher, Head Teacher Administration

JULIAN BEAMAN - YEAR 12 2005

It's been almost ten years since I graduated from Normanhurst Boys High School and the one thing that is clearest to me is that I could not, at the age of 18, have predicted what was to happen next. As a Normo boy, I was into sport and hanging out with friends (both great things to do!). I didn't consider myself to be very academic, a view that was probably shared by many of my peers and teachers. When I completed my HSC I received a UAI of 77.7. It was natural for me to think that university was not for me and that I would just go out there and find something else to do. My parents convinced me, however, to at least apply for university and defer a year to think about it. And that's what I did.

I worked for the first half of the year and then went travelling for the second half. I went to South East Asia, India and Western Europe. That year changed my whole perspective. In the workforce I quickly tired of the jobs I was doing, and worked with people who had worked in those jobs for years. Overseas, I was enthralled by different
cultures and environments, and I admired the way that people much less fortunate than me made the most of their opportunities in life. I returned to Australia with a passion to learn more about the world and to seize the opportunities that had been handed to me. That year was the first unpredictable event.

During my early twenties I completed a Bachelor of Arts and Sciences (Honours I) in which I focused on ecology and animal physiology. It turns out that I took first year biology and was hooked from the start! The development of my passion for science was the second unpredictable event as I didn't think I liked science at high school. In my final year I met the woman who would later become my fiancée. We travelled together around Asia before we moved to Brisbane where she has recently completed a PhD in Biology. I worked as a face to face fundraiser (or charity mugger) for the Wilderness Society, then as a consultant ecologist making assessments of residential developments, and now I am half way through a PhD, also in Biology. We love living in Brisbane and spend our time exploring the beautiful national parks in the region and playing music with friends.

So in the 10 years since I left Normo I have learned that, in fact, I love learning; learning about the world, about other people, and about nature. We are all so fortunate to have the opportunity to learn at school, in the workplace, at university, and in society. Wherever you find that you learn best, just get out there with an eagerness to learn something new each day.

► MUSIC NEWS
Ms Margaret Johnson, Music Teacher

Congratulations to Julian Moore in Year 10 who performed with Senior State Wind Band in the Sydney Opera House Monday and Tuesday nights this week. The Arts Unit is running the Festival of Instrumental Music this week, and the Wind Band was one of the feature acts of the evenings. Julian represented our school on clarinet, joining with around 60 other senior students for these two exciting performances. State Wind Bands join for one weekend per year to rehearse and then perform the following two nights. The bands are comprised 50/50 of regional and country, and city students - a great way to meet musicians from around the State.

► LIBRARY NEWS
Ms Sarah Menzies, Teacher Librarian

The library has seen a busy term 3 so far, with lots happening including parent teacher nights, trial HSC exams, art exhibitions, the Creators Club, Year 7 research lessons and more.

We currently have a Year 9 art installation in the library, featuring some hand built models from the Year 9 Visual Design classes. We also have other student artworks on display.
The library is the hub of the school and we are excited to have student work represented in a central place where teachers and students alike can appreciate and support their fellow students.

Premiers Reading Challenge (PRC)
The Premiers Reading Challenge is well underway, with some students having already completed it. There is a huge range of PRC books in the library, marked with a red sticker on the spine. Students are more than welcome to borrow books from the library to add to their reading list. We are constantly updating our collection so be sure to come and visit or check the blog to see what’s new: http://normanhurstboyslibrary.weebly.com/

World Book Online
A reminder that the library also has a subscription to the advanced reference suite, World Book Online. World Book Online is an easily accessible world of student resources, easy to understand articles, and built-in research tools to assure students are accessing reliable, valid information for their homework and research projects. It also contains engaging reference resources for reluctant readers. With a suite of digital products designed to meet the needs of every student, World Book Online offers everything from early learning to advanced research with a lot more in between. Students can come to the library for a username and password to access World Book Online at any time, and it can then be accessed from their devices in school and at home.

27th International Olympiad in Informatics
Mr Peter Davis, Head Teacher TAS

2015
KAZAKHSTAN

27th International Olympiad in Informatics

There are places around the world whose names conjure dreams and stories of the exotic, sounds which when pronounced resonate with the mysterious and the magical. Geographic distances and time blur poetic fictions with fact. From Xanadu in Coleridge’s Kubla Khan to Almaty in Kazakhstan these places will, for many, remain forever unknown.

Not so for Declan McDonnell.

Well Done Declan!

Reigning Goalkeepers
Mr J Tulloch, 1st XI Manager

Our school was fortunate this year to have several outstanding goalkeepers. Dave Anand has been exceptional since he was in the 15As competition three years ago. He has shown commendable commitment and talent. Lachy Berry likes to play striker at school (successfully) but has won a Champion of Champions medal in his weekend team.

Anshul Baruah, well known for his prowess with the cricket bat has developed into a fine keeper and is a major reason why the Open 4th grade team topped their competition. Xavier Crowley, the Gladesville Hornsby Reps keeper was the 15As keeper this year and he too has outstanding talent.
CAREERS NEWS
Mrs. K Woodhams, Careers Adviser

Important Information – Calendar of Events
Check this calendar for upcoming University Open Days, parent/student university nights plus more
Go to: http://www.nbhscareers.com
We also have additional information including a comprehensive calendar on the MhsCareers website www.mhscareers.net
User name: nbhs - Password: careers

SCHOOL CAREERS INFORMATION
Year 12 ‘TEAM NORMO’ meeting plus Careers Information Session Thursday 13 August
‘Team Normo’ meeting – periods 1 & 2
UAC/Careers information session - period 3
Two mandatory sessions for Year 12. The boys will receive their UAC 2016 Guides period 3. They will also have the opportunity to book a careers interview.

Year 10 Work Experience
Year 10 has been out of school on Work Experience this week. This is an excellent achievement.
The contacting teachers have received some outstanding feedback from the host employers.

I know I have been so impressed with the students I contacted and visited this week.
Well done Year 10!
Just a reminder Year 10 to return your folder containing your Journal and ‘Employer Assessment Report’ to the Careers Office on Monday 10 August. They will be returned with a Work Experience Certificate in your Portfolio later in the year.

Year 10 Subject Selection
Students are to enter their subject selection by Tuesday 11 August.

UNIVERSITIES
Macquarie University: New Bachelor of Clinical Science Beginning in 2016
The new Bachelor of Clinical Science is a two year fast-track course designed to help students gain the professional skills needed for a future career in the medical, allied health or medical research professions. Students will learn the fundamentals of biomedical science before applying the knowledge to a human body system approach, where pathology is taught alongside normal physiology and anatomy.
University of Newcastle: Year 12 Bonus Points & Regional/Rural Preference Scheme
Year 12 students can be awarded up to four bonus points for high achievement in certain HSC subjects. In addition, HSC students who study in certain rural and regional areas may also qualify for an additional four bonus points. [https://www.newcastle.edu.au/future-students/study-at-uon/support-and-services/entry-help-and-bonus-points](https://www.newcastle.edu.au/future-students/study-at-uon/support-and-services/entry-help-and-bonus-points)

Charles Sturt University: 2015 Parent Information Evenings
Parramatta RSL Club: Mon 24 August, 6.00pm
Chatswood Club: Tue 25 August, 6.00pm
Charles Sturt University (CSU) will be providing a unique opportunity for parents and students to gather first-hand information from CSU staff about courses, accommodation, scholarships, costs, applications and early entry programs. [http://www.csu.edu.au/for/parents/parent-information-evenings](http://www.csu.edu.au/for/parents/parent-information-evenings)

Charles Sturt University: Pharmacy No Longer Offered at CSU Wagga Wagga
Charles Sturt University will no longer offer Pharmacy to new students at its Wagga Wagga campus. Instead, CSU plans to re-focus its pharmacy efforts at its Orange campus, where it will increase Pharmacy enrolments and possibly offer new innovations such as introductory online subjects. [http://news.csu.edu.au/latest-news/health/pharmacy/new-direction-for-pharmacy-at-csu](http://news.csu.edu.au/latest-news/health/pharmacy/new-direction-for-pharmacy-at-csu)

The UQ Integrated Pathology Learning Centre
The UQ Integrated Pathology Learning Centre (IPLC) is a 21st century facility incorporating an outstanding collection of over 2500 pathology specimens in a dynamic teaching and learning environment. Displays incorporating objects from the medical history collection along with the most recent information on health related topics highlight the progression in understanding of human disease from past to present. Health science students, educators and health professionals from all clinical disciplines are invited to take advantage of the new and innovative resources, exhibitions and multi-media presentations that the IPLC is developing. The Conversation: Graduating into a weak Job Market
This article dissects the current graduate market, outlines reasons for low graduate employment, and highlights some of the factors that influence the likelihood of a university student finding a job upon graduation. [https://theconversation.com/graduating-into-a-weak-job-market-why-so-many-grads-cant-find-work-45222](https://theconversation.com/graduating-into-a-weak-job-market-why-so-many-grads-cant-find-work-45222)

PRIVATE COLLEGES
Think Education: Festival of Change
Sat 22 August, 46-52 Mountain Street, Ultimo

Academy of Information Technology: Free Digital Workshops
Sat 17 October, Sat 14 November, Sat 5 December, 10.00am – 4.00pm, Level 2, 7 Kelly Street, Ultimo
AIT offers free one-day workshops designed to boost participant skills and help prospective students make decisions about future study. Students can attend either an Intro to 3D Animation, Intro to Film Editing, Intro to Concept Design, or Intro to Game Design workshop at the listed time and dates. [http://www.ait.nsw.edu.au/free-day-courses](http://www.ait.nsw.edu.au/free-day-courses)

OTHER NEWS
Public Education Foundation Scholarships
Applications close Mon 12 October
The Public Education Foundation offers a number of life-changing scholarships to public school students who are hardworking and from disadvantaged backgrounds. The scholarships cover the extra cost of schooling and enable students to extend their talents and pursue their aspirations. To view the scholarships, visit: [http://www.publiceducationfoundation.org.au/scholarships](http://www.publiceducationfoundation.org.au/scholarships)

Geoscience Australia Open Day
Sun 23 August, 10.00am – 3.00pm, Corner of Hindmarsh Drive and Jerrabomberra Avenue, Symonston, ACT
Geoscience Australia's 2015 Open Day will offer a diverse program of free hands-on activities, science displays and talks for all ages. Attendees will be able to see a dancing robot which helps make your GPS more accurate, find out how earthquakes are detected, pan for gold, check out Australia in 3D, become a seafloor detective, have a chat with a real geoscientist, and learn about possible geoscience career options. [http://www.ga.gov.au/home](http://www.ga.gov.au/home)

Defence Jobs Australia: Information Sessions
Sydney – Defence Careers: Mon 3 August, 6.30pm, Level 22, Darling Park 2, 201 Sussex Street
Parramatta – Army Reserve: Tue 11 August, 6.30pm, Level 4, 9 George Street

The Australian Innovation Challenge
Entries close: 7 September
The Young Innovators category invites Australia’s next generation of budding innovators and emerging talents to step forward. The scope of this category is open-ended, covering any inventions and novel initiatives with the potential to make a difference to our lifestyles, environment, work or play. This category is open to people under 21,
either at school or in the early years of post-secondary education or training. Prize: $5000

Who killed Janine Jenker?
A free online course that explores the effectiveness of the law and justice system from a psychological perspective. The eight week UQ course opens 25 August and requires 1-2 hours of effort per week to complete. May be useful to those considering a law career.
https://www.edx.org/course/psychology-criminal-justice-uqx-crime101x-0

McDonald's Ready for Work Booklet
This online resource aims to provide young people with information that can assist them with preparing for their first paid job. The booklet provides information about skills needed, resume building, superannuation, tax file numbers, and more.

A Career as a Veterinarian
This website gives an overview of the career of the veterinarian and the salary range that a new graduate might expect. The site also provides a list of Australian universities that facilitate the Bachelor of Veterinary Science.

My Future: My Career Profile Tool
My Career Profile Tool is a career exploration tool that features a variety of activities, such as Interests, Skills and Knowledge. The system takes the answers that users input and generates suggested occupations based on that data.
